

Officine Amaro è uno studio di design che si occupa di produzione di prodotti di legatoria e stampa d'arte, aperto a collaborazioni e progetti con aziende del territorio.

Il progetto, realizzato da Marilisa Bruno e Roberto Ciardo, è sostenibile, basato sull'utilizzo di materiali riciclati e con un impatto quasi zero sullo smaltimento dei materiali.

Lo spazio è stato progettato con attenzione, creando un ambiente stimolante ed armonico ispirato ai paesaggi del sud Italia.

Grazie all'utilizzo di macchine storiche da Museo e all'approccio tangibile delle matrici naturali o di altro genere, lo studio cerca di nobilitare lo stampato e unire le pratiche di legatoria e stampa d'arte in modo contemporaneo.

Il risultato è un'opera unica che racchiude in sé la sintesi di arte, storia e modernità.

# WOODEN BOOK

**UPCYCLE PARQUET FLORING**

30

Size A5 machine binding

# LINOCUT PRINT

## SQUARE

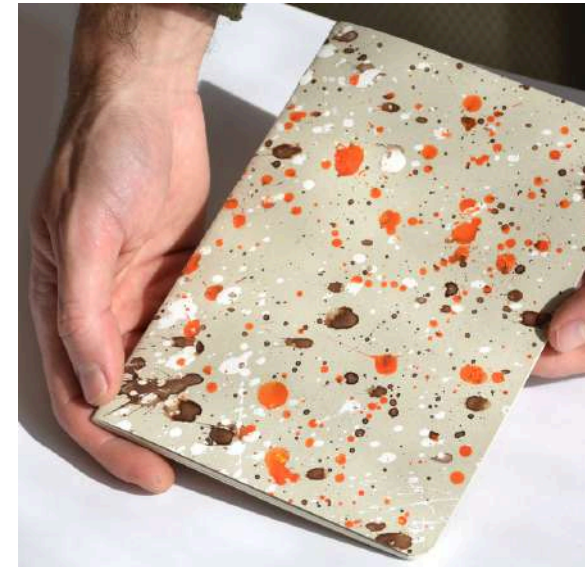

Format 17 x 17 cm linocut print on rigid card, machine stitched 20
